Adios Amigos

Somewhere in Mexico, rival gangs of desperados clash. To survive the inevitable shoot-out, you need to keep the coolest head and have the fastest trigger finger ...

In this fast-paced card game, all players act simultaneously. They need to realize quickly which pistol counter allows them to shoot at which desperado, and then immediately pull the trigger. If you don't forget to reload and have your bundle of dynamite ready for just the right moment, chances are you may be the last desperado standing and get a loot tile in reward.

Easy-to-learn rules and very short playing times make for excellent replay value.
